

# Family Reunions

## Services Provided to Family Reunion Groups

Family reunions are a great way to bring scattered family members together for a celebration and the St. Louis Convention & Visitors Commission (CVC) is delighted you've chosen our hometown for your family's get-together. To help your family feel "right at home" and to enhance their St. Louis experience, we can offer the following items free of charge. The CVC can provide quantities of these items equal to the number of hotel rooms your group books at any St. Louis City or St. Louis County hotel on peak night.

### The Official St. Louis Visitors Guide

This informative, full-color magazine is full of information about the region's fun-filled attractions, historic sites and family-style restaurants, as well as nightlife options and area maps to help your crowd find everything St. Louis has to offer. The guide also includes info on St. Louis' multicultural connections, architecture, Route 66 icons and suggestions of offbeat destinations.

### St. Louis Postcard

Use these complimentary postcards to promote the upcoming St. Louis reunion, or give them to attendees while they're in town so they can tell friends or family members who weren't able to attend about the great time they're having in St. Louis. Planners can receive an assortment of the postcards, which feature seven unique St. Louis designs. Please note: these are oversized postcards and require First Class postage instead of the standard U.S. Postcard postage rate.
